

Lanco™ Glidd 7610

Modified Carnauba Wax Dispersion

Lanco™ Glidd 7610 is an easy-to-handle wax dispersion that provides excellent scratch resistance and reduction of coefficient of friction in water- and solvent-based coatings. Due to the small particle size Lanco Glidd 7610 shows low influence on porosity, gloss and transparency. The halogen free Lanco Glidd 7610 leads to comparable scratch and abrasion resistance as traditional PTFE based wax additives.
