

RICK TOLIN

**President,
Lubrizol Advanced Materials and
Senior Vice President, Lubrizol**

Rick Tolin is senior vice president and president of Lubrizol Advanced Materials, where he oversees a team developing and enabling scientific innovations that improve the performance and reliability of products in the health, beauty, home, medical, pharmaceutical, industrial, building and construction industries, among others.

Rick joined the company in 1993 and has held positions of increasing responsibility in sales, marketing and international business management within Lubrizol's coatings and personal care businesses. In 2011, he was named vice president and general manager of the personal and home care division of Lubrizol Advanced Materials. He was appointed to his current position in 2016. Prior to joining Lubrizol, Rick worked at specialty chemical firms RITA Corporation and Carroll Scientific in technical, sales and business management roles.

Rick attended St. Joseph's College and the University of Notre Dame where he received Bachelor of Science degrees in Physics and in Mathematics.
